SECURITY & INVESTIGATION STRATEGISTS

“Delivering long term
security, surveillance and
intelligence strategies to
mitigate risk”

Independent, Intelligence-Driven Security, Surveillance and Intelligence Support

International Operations Group are security and investigations strategists offering independent, intelligence-driven security, surveillance and intelligence support, delivering sensible long-term strategies to mitigate risk and provide critical support within professional and/or sensitive environments.

We provide strategic counsel and consulting services to corporations and individuals requiring support on a range of security-related topics including but not limited to security reviews and risk management, physical surveillance, intelligence gathering, corporate investigations, surveillance detection, counter-surveillance and bespoke security planning.

Based in Sydney Australia, our consultants are regularly engaged to provide strategic security, surveillance and intelligence services domestically and abroad, particularly within the Asia Pacific region.

Our **consulting division** offers strategic **security advice** and **critical incident support** to major corporations and executives on **managing** and **mitigating non-financial risks** to their operations as well as **reputation**. Our philosophy is one of partnerships, whereby forming trusted relationships with our clients is considered imperative, in order to thoroughly understand their objectives, needs and operational requirements. We work with our clients to assist them **understand** and **respond** to their risks, establish priorities to **mitigate** those **risks** and **formulate strategies** to implement our recommendations in an effective and financially viable manner. To fulfil this process, we provide **consultation** and **support** via the following functions:

- ▶ Critical incident response
- ▶ Crisis management advice
- ▶ Security reviews & risk assessments
- ▶ Electronic security design
- ▶ Security project management
- ▶ Strategic security planning
- ▶ Eavesdropping detection; and
- ▶ Counter-Espionage support

Our **surveillance teams** offer extensive experience in the provision of **physical surveillance** and **intelligence gathering** services. Our teams have genuine experience within the corporate and government sectors, having operated in urban and non-urban environments across the globe. They are quick thinking, resourceful and integrity focused. Our surveillance equipment and processes leads industry best practice and often incorporates **advanced technology**, including covert optical surveillance tools and digital recording. International Operations Group's intelligence gathering services also include tailored **client briefings**. We maintain a strict policy of confidentiality and are experienced in the provision of extremely sensitive **international and local investigations**. Our Investigators are often called upon to investigate incidents involving threats to personal safety or privacy, theft of intellectual property, misappropriation of funds or resources and a range of other similar matters.

Corporate investigations form a significant part of our business offering. Our investigations team are **experienced** in investigating fraud, theft, harassment, espionage, stalking, issue motivated disruptions and other similar threats to organisations. They are aware of current legal trends and in most instances, have a law enforcement or significant corporate investigations background. Our team maintains an **ethical approach** to investigations and we are familiar with current interview techniques and inquiry planning. Our clients include critical infrastructure suppliers, pharmaceutical entities, government and political organisations, technology providers, investment and financial services companies, not for profit organisations, law firms and high net worth families, amongst others. We engage with clients on a selective basis, subject to our understanding of their requirements and our subsequent ability to achieve a mutually beneficial outcome. **Integrity is the cornerstone of our operations**, enabling us to maintain an enviable international client base.

Offering practical and intelligent security and investigations counsel to corporations, executives and governments across the globe, International Operations Group teams are trained to identify and respond to your specific requirements in an efficient and well-resourced manner. We are regularly called on to review, plan and implement security, intelligence and surveillance measures, often in response to security and critical incidents or in anticipation of potential risks likely to compromise the continuity of business, safety of staff or the protection of assets and information. We can be contacted, in confidence on **(02) 8003 3933** or via 2012@interopsgroup.com.
